## Deliverables for Assignment 6A

### 1. Low&High-Fidelity Prototypes:

Low-Fidelity Prototype

A screenshot of a web-based shopping cart for 'Bun Bun Bake Shop'. The top navigation bar includes the shop name and a note 'My heart is in the cinnamon roll'. A pink header bar displays the address '700 Technology Drive, Pittsburgh, PA, United States' and a 'change' button. The main content area shows a table of items with columns: ITEM DETAIL, PRICE/each, Amount, and Price. Three items are listed: Original Cinnamon Roll (\$2.99 each, amount 3, total \$8.97), Walnut Cinnamon Roll (\$3.99 each, amount 3, total \$11.97), and Gluten-Free Cinnamon Roll (\$3.99 each, amount 3, total \$11.97). Each item row includes a 'Remove Item' link. A yellow 'check out' button is on the right. At the bottom, there's a section for applying a promo code with fields for 'Add Promo Code' and 'Apply', and a summary of costs: Subtotal \$32.91, Shipping \$2.99, Tax \$2.99, and Total \$38.89. Another yellow 'check out' button is at the bottom right.

High-Fidelity Prototype
